OTHER SKILLS

Strong analytical skills:-

While working in Deloitte. My work as a QA is to find defects. And I think I can easily analyse the defects and work on them.

Teamwork and Leadership:-

Within my organisation I was in a team and was working easily with them.
While handling my cafe, I was having a team of six with different background and I was very easily able to work with them which adds up the skill of a team leader to my skills.

Communication skills:-

While working on both the project in Deloitte. I have a lot of meeting with clients, managers, leads, the on shore team, the off shore team and so on helps me in making my communication skill strong.

Problem-solving:-

While working I face many problems related to my work but with the help of my team members and with my problem solving attitude towards every situation makes me surpass them very easily.
